## Corporate/Community Partnership Opportunities and Benefits

*Corporate and community contributions assist **RHS PTSA** in helping our youth succeed by improving the welfare and education of our students both inside and outside the classroom.*

As a not-for-profit organization, **RHS PTSA** looks to you—our corporate and community partners—to provide that "extra measure" of support to advance our mission. We invite our corporate and community partners to show their commitment by making a financial contribution today! **RHS PTSA** is registered as a 501(c)(3) non-profit organization and is dedicated to serving our community. Corporations and local businesses play an important role in helping us achieve our mission and vision of making every student's potential a reality.

### Your Support is So Important!

Your contribution to the **RHS PTSA** will help us continue to fund programs that support Redmond High School, such as:

- Teacher grants to help teachers with academic enrichment and student engagement projects;
- Scholarships for secondary education costs;
- Training programs for parents and concerned adults to help them learn to be advocates for their children;
- Emergency preparedness supplies for students and staff; and
- Support for legislation that benefits all children.

More importantly, you are joining an extraordinary network of individuals who have committed themselves to improving the lives of our local students. With your help, **RHS PTSA** will continue towards its goal of securing a quality education and nurturing environment for all of our students. For those who are committed to PTSA through membership, service and giving, we are deeply grateful for your support.
