

Parent Communications – Helping through the Transition

There are **five main communication tools** used at Redmond High School:

1. The **RHS PTSA *Mustang Weekly*** is a weekly e-newsletter distributed each Sunday afternoon to RHS families who have subscribed and staff members via e-mail. It is free to all RHS families, but **you must sign up to receive it**. Please see sign-up instructions below.
2. The **RHS PTSA web site** is www.redmondhsptsa.org. This site contains information on many programs and activities that are sponsored by the PTSA. Some of these programs include Grad Night activities, volunteer opportunities, college planning evenings, SAT/ACT practice tests, etc. We will be revising our communications by putting the Counselor's Corner and Principal's message on the web site and highlighting the information via our e-newsletter.
3. The official **Redmond High School website** is www.lwsd.org/rhs.
4. The **Parent Handbook** published by Redmond High School.
5. Emails directly from the school administration.
